Boys in the Trees Carly Simon, 2015-11-24 Carly Simon's New York Times bestselling memoir, Boys in the Trees, reveals her remarkable life, beginning with her storied childhood as the third daughter of Richard L. Simon, the co-founder of publishing giant Simon & Schuster, her musical debut as half of The Simon Sisters performing folk songs with her sister Lucy in Greenwich Village, to a meteoric solo career that would result in 13 top 40 hits, including the #1 song You're So Vain. She was the first artist in history to win a Grammy Award, an Academy Award and a Golden Globe Award, for her song Let the River Run from the movie Working Girl. The memoir recalls a childhood enriched by music and culture, but also one shrouded in secrets that would eventually tear her family apart. Simon brilliantly captures moments of creative inspiration, the sparks of songs, and the stories behind writing Anticipation and We Have No Secrets among many others. Romantic

entanglements with some of the most famous men of the day fueled her confessional lyrics, as well as the unraveling of her storybook marriage to James Taylor.

Girls Like Us Sheila Weller, 2008-04-08 A groundbreaking and irresistible biography of three of America's most important musical artists—Carole King, Joni Mitchell, and Carly Simon—charts their lives as women at a magical moment in time. Carole King, Joni Mitchell, and Carly Simon remain among the most enduring and important women in popular music. Each woman is distinct. Carole King is the product of outer-borough, middle-class New York City; Joni Mitchell is a granddaughter of Canadian farmers; and Carly Simon is a child of the Manhattan intellectual upper crust. They collectively represent, in their lives and their songs, a great swath of American girls who came of age in the late 1960s. Their stories trace the arc of the now mythic sixties generation—female version—but in a bracingly specific and deeply recalled way, far from cliché. The history of the women of that generation has never been written—until now, through their resonant lives and emblematic songs. Filled with the voices of many dozens of these women's intimates, who are speaking in these pages for the first time, this alternating biography reads like a novel—except it's all true, and the heroines are famous and beloved. Sheila Weller captures the character of each woman and gives a balanced portrayal enriched by a wealth of new information. *Girls Like Us* is an epic treatment of midcentury women who dared to break tradition and become what none had been before them—confessors in song, rock superstars, and adventurers of heart and soul.

Carole King's Tapestry Loren Glass, 2021-03-11 Carole King's *Tapestry* is both an anthemic embodiment of second-wave feminism and an apotheosis of the Laurel Canyon singer-songwriter sound and scene. And these two elements of the album's historic significance are closely related insofar as the professional autonomy of the singer-songwriter is an expression of the freedom and independence women of King's generation sought as the turbulent sixties came to a close. Aligning King's own development from girl to woman with the larger shift in the music industry from teen-oriented singles by girl groups to albums by adult-oriented singer-songwriters, this volume situates *Tapestry* both within King's original vision as the third in a trilogy (preceded by *Now That Everything's Been Said* and *Writer*) and as a watershed in musical and cultural history, challenging the male dominance of the music and entertainment industries and laying the groundwork for female dominated genres such as women's music and Riot Grrrl punk.

The Songwriting Secrets Of The Beatles Dominic Pedler, 2010-05-25 Thirty years after The Beatles split up, the music

of Lennon, McCartney, Harrison and Starr lives on. What exactly were the magical ingredients of those legendary songs? Why are they still so influential for today's bands? This ground-breaking book sets out to explore The Beatles' songwriting techniques in a clear and readable style. It is aimed not only at musicians but anyone who has ever enjoyed the work of one of the most productive and successful songwriting partnerships of the 20th Century. Author Dominic Pedler explores the chord sequences, melodies, harmonies, rhythms and structures of The Beatles' self-penned songs, while challenging readers to enhance their appreciation of the lyrics themselves with reference to the musical context. Throughout the book the printed music and lyrics of The Beatles' songs appear alongside the text, illustrating the author's explanations. The Songwriting Secrets Of The Beatles is an essential addition to Beatles literature - a new and perceptive analysis of both the music and the lyrics written and performed by what Paul McCartney still calls 'a really good, tight little band'.

Summary of Carole King's A Natural Woman Everest Media, 2022-06-21T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was born in 1942 in New York City. My name at birth was Carol Joan Klein. It would take me five decades to realize that my surname was Glayman, which means small in German. My parents met in an elevator at Brooklyn College in 1936, and my father was studying chemistry; my mother's majors were English and drama. #2 I was born in Manhattan on February 9, 1942. My father was a fireman, and my mother took care of me and the house. The first piece of furniture in their home was a piano, which my mother eventually taught me to play. #3 Perfect pitch is when a note matches up consistently with that note in your memory. With relative pitch, you may not be able to sing or identify a note perfectly the first time, but once you know the first note, you can correctly sing and identify the rest of them. #4 I had begun making up songs when I was three. I would improvise words and melodies while my little fingers pounded out a rudimentary accompaniment on the piano. I learned how to play the piano when I was four.

This Is How Augusten Burroughs, 2012-05-08 If you're fat and fail every diet, if you're thin but can't get thin enough, if you lose your job, if your child dies, if you are diagnosed with cancer, if you always end up with exactly the wrong kind of person, if you always end up alone, if you can't get over the past, if your parents are insane and ruining your life, if you really and truly wish you were dead, if you feel like it's your destiny to be a star, if you believe life has a grudge against you, if you don't want to have sex with your spouse and don't know why, if you feel so ashamed, if you're lost in life. If you have ever wondered, How am I supposed to survive this? This is How.

Always Magic in the Air Ken Emerson, 2006-09-26 During the late 1950s and early 1960s, after the shock of Elvis Presley and before the Beatles spearheaded the British Invasion, fourteen gifted young songwriters huddled in midtown Manhattan's legendary Brill Building and a warren of offices a bit farther uptown and composed some of the most beguiling and enduring entries in the Great American Songbook. Always Magic in the Air is the first thorough history of these renowned songwriters-tunesmiths who melded black, white, and Latino sounds, integrated audiences before America desegregated its schools, and brought a new social consciousness to pop music.

A Tender Tomorrow Carole King, 2001-06-15 In the elegant isolation of a Victorian mansion in Cape May, New Jersey, Autumn Thackeray, the once proud heiress of a once proud family, learns that she is ill-suited to service. Her family's fortune diminished, she has taken a position as a companion to the mother of Cain Byron, a complex and ungracious young gentleman who is accustomed to giving orders and expecting them to be obeyed without question, especially by the women of his household. His temper is infamous, and his domineering and masterful ways dictated by his upbringing and his social status. But Autumn has been reared by open-minded and generous parents; she will not be intimidated by Cain's tyrannical

manner. And she will not be seduced by his attraction to her. She will be no man's light o' love.
