Unlocking the Mysteries of Life and Death (Daisaku Ikeda) 2012-03-13 | This introduction to mediumship explains the philosophies of life and death and reveals the secrets of the afterworld, both on earth and in heaven. Core concepts of Buddhism, such as the 108 sins and the soul’s consciousness, disconnection and connection, individuality and universality, death and rebirth, and the spiritual and physical worlds, are explained in clear, precise language. The author’s clear, user-friendly explanations, supported by personal experiences, will help readers discover their own path to eternal peace.

The Great Debate (Daisaku Ikeda) 2016-01-29 | Discover the secret to a peaceful and balanced life through the understanding of life and death. Our social order is based on the 108 sins and disconnection and connection. Between heaven and earth are two roads. The road to the 108 sins, which is the lower road, leads to suffering. The road to disconnection and connection, which is the higher road, leads to peace. The fundamental purpose of life is to move up the ladder toward peace.

The Secrets of Life (Daisaku Ikeda) 2015-09-10 | In the long history of study, masturbation is a relatively new and controversial topic that has yet to be discussed. The secret of life is found in the heart and not in the body. Masters of this art have the ability to change the way we perceive the world and to bring about true breakthroughs. The secrets of life are to be found in the heart, not in the body. Masters of this art have the ability to change the way we perceive the world and to bring about true breakthroughs.

The Science of Life: Unraveling the Secrets of Life and Death (Daisaku Ikeda) 2014-07-11 | This book examines the complex relationship between life and death, and explores the mysteries of the soul. It explains the nature of the soul, its role in the universe, and how it can be used to achieve spiritual growth and development. The book also includes a discussion of the relationship between the soul and the body, and how the body can be used to express the soul's potential for growth.
