A pocket-sized gift book guide to the best hard-hitting insults for every occasion. This handy little book is packed with insulting gestures, backhanded compliments, comebacks, all the things you should never say about someone's mama, and much more! Including: • Insulting Someone’s Intelligence • Insulting Someone’s Sexual Prowess • Insults for the Office • Insults on Game Day • Insults throughout History • Insults from around the World

Have you ever been in a situation where you needed to defend yourself, or others, but just didn't have the right words to do so? Of course, a few hours later, when you replay the situation in your mind, the perfect response comes to you. "If I had only said that I would've been a hero!" Yes, we've all been there, and it's a helpless feeling because you know that the moment has passed for good. For all intents and purposes, you lost. In this book, you'll get a full breakdown of the ways to come right back to those individuals who are attempting to cut you down. You'll discover clever ways to instantly dominate any situation where another person is trying to insult you or your friends. You'll quickly become a master of the craft and be able to call upon these comebacks, or come up with your own using this proven formula, at any time. No more regrets, no more shoulda-coulda-wouldas. No more losing. Consider this comeback system as your compass that allows you to navigate the rough terrain we call social class and order. I wrote this book because you needed support from someone who has been there before. Know that I have a personal stake in this and have tapped back into my own childhood and current everyday life to try and understand both sides of this natural phenomenon. The defenseless need defending. The common person needs armor and weapons when it is their time to attack. You are my inspiration for this. Here's how it works: At the top of the page there will be a cut-down,
directly below will be a brief insight into the cut-down, and at the bottom, there will be several different comebacks to the cut-down. The following pages will change your life for the better. The time for lying down is over. The time has come for a shift in power. It's time for a new hero-story to be written. Is it your time? Will you be that hero? It is yours for the taking if you are ready. Are you ready?

**A Slap in the Face**

William B. Irvine 2017-09-01
Insults are part of the fabric of daily life. But why do we insult each other? Why do insults cause us such pain? Can we do anything to prevent or lessen this pain? Most importantly, how can we overcome our inclination to insult others? In A Slap in the Face, William Irvine undertakes a wide-ranging investigation of insults, their history, the role they play in social relationships, and the science behind them. He examines not just memorable zingers, such as Elizabeth Bowen’s description of Aldous Huxley as “The stupid person’s idea of a clever person,” but subtle insults as well, such as when someone insults us by reporting the insulting things others have said about us: “I never read bad reviews about myself,” wrote entertainer Oscar Levant, “because my best friends invariably tell me about them.” Irvine also considers the role insults play in our society: they can be used to cement relations, as when a woman playfully teases her husband, or to enforce a social hierarchy, as when a boss publicly berates an employee. He goes on to investigate the many ways society has tried to deal with insults—by adopting codes of politeness, for example, and outlawing hate speech—but concludes that the best way to deal with insults is to immunize ourselves against them: We need to transform ourselves in the manner recommended by Stoic philosophers. We should, more precisely, become insult pacifists, trying hard not to insult others and laughing off their attempts to insult us. A rousing follow-up to A Guide to the Good Life, A Slap in the Face will interest anyone who’s ever delivered an insult or felt the sting of one—in other words, everyone.

Twelve-year-old Maxine Chen is just trying to nail that perfect landing: on the ice, in middle school, and at home, where her parents worry that competitive skating is too much pressure for a budding tween. Maxine isn’t concerned, however—she’s determined to glide to victory.
But then a bully at school starts teasing Maxine for her Chinese heritage, leaving her stunned and speechless. And at the rink, she finds herself up against a stellar new skater named Hollie, whose grace and skill threaten to edge Maxine out of the competition. With everything she knows on uneven ice, will Maxine crash under the pressure? Or can she power her way to a comeback? The Gargantuan Book of Insult, Offense, and Effrontery-Louis A. Safian 2014-03-04 Repartee has been defined as saying what you think after becoming a departee; saying as quick as a flash what you didn’t say until next morning. How often have you felt the need for a whimsical wisecrack or a waggish quip to put a spark in your conversation? Why be caught with your gags down? You can’t win in a battle of wits unless you are properly armed with a repertoire of rapid-fire repartee, a capsule caricature, a salty sally, or snappy comebacks, like: He’s getting a jacket for his birthday—the strait kind. You have a very striking face. How many times were you struck there? She has a Supreme Court figure—no appeal. This unique compendium of ready wit and rapid-fire repartee can be read just for the sheer fiendish fun of it. Or it can be put to work as a handy reference/sourcebook for speakers, writers, entertainers, managers or literally anyone who wishes to communicate more forcefully or become the life of the party. Carefully categorized according to “targets,” The Giant Book of Insults can be referred to time and time again to deflate egotists, dispose of bores and demolish dummies. Far more than merely a book of humor, it represents an almost unlimited wealth of shrewdly perceptive characterizations of the foibles and frailties of human nature.

Steel Rainbow-Jordan Hart 2012-06-05 In the spirit of This Is Spinal Tap and MTV’s Headbangers Ball, this is the essential guide to becoming a big-haired, mesh-wearing, guitar-shredding ’80s rock star.

Viva la Repartee-Dr. Mardy Grothe 2009-03-17 For most of us, that perfect retort or witty reply often escapes us when we need it most, only to come to mind with perfect clarity when it’s too late to be useful. The twentieth-century writer Heywood Broun described this all-too-common
phenomenon when he wrote "Repartee is what we wish we’d said." In *Viva la Repartee*, Dr. Mardy Grothe, author of *Oxymoronica*, has lovingly assembled a collection of masterfully composed -- and perfectly timed -- replies that have turned the tables on opponents and adversaries. This delightful volume is a celebration of the most impressive retorts, ripostes, rejoinders, comebacks, quips, ad-libs, bon mots, off-the-cuff comments, wisecracks, and other clever remarks ever to come out of the mouths -- and from the pens -- of people throughout history. Touching on all areas of human endeavor, including politics, the arts, literature, sports, relationships, and even the risqué, the book features contributions from Oscar Wilde, Mark Twain, Dorothy Parker, Mae West, Groucho Marx, Winston Churchill, Dolly Parton, and scores more. As entertaining as it is intellectually enriching, *Viva la Repartee* is sure to capture the attention of language lovers and is the perfect antidote for anyone who's ever thought I wish I'd said that!

**The Big Book of Being Rude**-Jonathon Green 2006-01-05 From more than 1,000 ways to call somebody a fool to politically incorrect zingers, this is true glee for the clever and catty. "Will delight language lovers with a high-tolerance for vulgarity, ethnic slurs, and all-around contempt."--"New York Daily News.
"Enlightening and entertaining."--"New York Post.

**The Bone Maker**-Sarah Beth Durst 2021-03-09
"Durst consistently defies expectations."—Publishers Weekly (starred review) From award-winning author Sarah Beth Durst, a standalone epic fantasy set in a brand-new world of towering mountains and sparkling cities, in which a band of aging warriors have a second chance to defeat dark magic and avenge a haunting loss. Twenty-five years ago, five heroes risked their lives to defeat the bone maker Eklor—a corrupt magician who created an inhuman army using animal bones. But victory came at a tragic price. Only four of the heroes survived. Since then, Kreya, the group’s leader, has exiled herself to a remote tower and devoted herself to one purpose: resurrecting her dead husband. But such a task requires both a cache of human bones and a sacrifice—for each day he lives, she will live one less. She’d rather live one year with her husband than a hundred without him, but using human bones for magic is illegal in Vos. The dead are burned—as are any bone workers who violate the law. Yet Kreya knows where she can find the bones she needs: the battlefield where her husband and countless others lost their lives. But defying the laws of the land exposes a terrible possibility. Maybe the dead don’t rest in peace after all. Five warriors—one broken, one gone soft, one pursuing a simple life, one stuck in the past, and one who should dead. Their story should have been finished. But evil doesn’t stop just because someone once said, “the end.”
