**City of Dreadful Delight**-Judith R. Walkowitz 2013-06-14 From tabloid exposes of child prostitution to the grisly tales of Jack the Ripper, narratives of sexual danger pulsated through Victorian London. Expertly blending social history and cultural criticism, Judith Walkowitz shows how these narratives reveal the complex dramas of power, politics, and sexuality that were being played out in late nineteenth-century Britain, and how they influenced the language of politics, journalism, and fiction. Victorian London was a world where long-standing traditions of class and gender were challenged by a range of public spectacles, mass media scandals, new commercial spaces, and a proliferation of new sexual categories and identities. In the midst of this changing culture, women of many classes challenged the traditional privileges of elite males and asserted their presence in the public domain. An important catalyst in this conflict, argues Walkowitz, was W. T. Stead's widely read 1885 article about child prostitution. Capitalizing on the uproar caused by the piece and the volatile political climate of the time, women spoke of sexual danger, articulating their own grievances against men, inserting themselves into the public discussion of sex to an unprecedented extent, and gaining new entree to public spaces and journalistic practices. The ultimate manifestation of class anxiety and gender antagonism came in 1888 with the tabloid tales of Jack the Ripper. In between, there were quotidian stories of sexual possibility and urban adventure, and Walkowitz examines them all, showing how women were not simply figures in the imaginary landscape of male spectators, but also central actors in the stories of metropolotin life that reverberated in courtrooms, learned journals, drawing rooms, street corners, and in the letters columns of the daily press. A model of cultural history, this ambitious book will stimulate and enlighten readers across a broad range of interests.

**The Secret Life of Cows**-Rosamund Young 2020-07-07 "Within a day of receiving this book, I had consumed it... Absorbing, moving, and compulsively readable."--Lydia Davis In this affectionate, heart-warming chronicle, Rosamund Young distills a lifetime of organic farming wisdom, describing the surprising personalities of her cows and other animals At her famous Kite's Nest Farm in Worcestershire, England, the cows (as well as sheep, hens, and pigs) all roam free. They make their own choices about rearing, grazing, and housing. Left to be themselves, the cows exhibit temperaments and interests as diverse as our own. "Fat Hat" prefers men to women; "Chippy Minton" refuses to sleep with muddy legs and always reports to the barn for grooming before bed; "Jake" has a thing for sniffing the carbon monoxide fumes of the Land Rover exhaust pipe; and "Gemima" greets all humans with an angry shake of the head and is fiercely independent. An organic farmer for decades, Young has an unaffected and homely voice. Her prose brims with genuine devotion to the wellbeing of animals. Most of us never apprehend the various inner lives animals possess, least of all those that we might eat. But Young has spent countless hours observing how these creatures love, play games, and form life-long friendships. She imparts hard-won wisdom about the both moral and real-world benefits of organic farming. (If preserving the dignity of animals isn't a good enough reason for you, consider how badly factory farming stunts the growth of animals, producing unhealthy and tasteless food.) This gorgeously-illustrated book, which includes an original introduction by the legendary British playwright Alan Bennett, is the summation of a life's work, and a delightful and moving tribute to the deep richness of animal sentience.

**The Secret Life of Dorothy Soames**-Justine Cowan 2021-01-12 “Far from growing up in the wealthy, fox-hunting circles she had always suggested, her mother had in fact been raised in a foundling hospital for the children of unwed women.” — Editor's Choice, The New York Times Book Review “Extraordinary ... fascinating, moving.” —The Telegraph “This emotional and transatlantic journey is a page-turner.” — Editor's Pick, Amazon Book Review “Book groups will find as much to discuss here as they have with The Glass Castle by Jeannette Walls, and Educated by Tara Westover.” — BookList Recommended by The New York Times, The Saturday Evening Post, Amazon Book Review, The Atlanta Journal Constitution, Publisher's Weekly, Kirkus and more, Justine Cowan's remarkable true story of how she uncovered her mother's upbringing as a foundling at London's Hospital for the Maintenance and Education of Exposed and Deserted Young Children has received acclaim on both sides of the Atlantic. In the U.K., it has been featured in The Mail on Sunday, The Daily Mail, The Daily Mirror and The Spectator. The Telegraph calls it “extraordinary and Glamour magazine chose it as the best new book based on real life. The story begins when Justine found her often volatile mother in an unlit room writing a name over and over again, one that she had never heard before and would not hear again for many years - Dorothy Soames. Thirty years later, overcome with grief following her mother's death, Justine found herself drawn back to the past, uncovering a mystery that stretched back to the early years of World War II and beyond, into the dark corridors of the Hospital for the Maintenance and Education of Exposed and Deserted Young Children. Established in the eighteenth century to raise “bastard” children to clean chamber pots for England's ruling class, the institution was tied to some of history's most influential figures and events. From its role in the development of solitary confinement and human medical experimentation to the creation of the British Museum and the Royal Academy of Arts, its impact on Western culture continues to reverberate. It is the reason we read Dickens' Oliver Twist and enjoy Handel's Messiah each Christmas. It was also the environment that shaped a young girl known as Dorothy Soames, who bravely withstood years of physical and emotional abuse at the hands of a sadistic headmistress—a resilient child whose only hope would be a daring escape as German bombers rained death from the skies. Heartbreaking, surprising, and unforgettable, The Secret Life of Dorothy Soames is the true story of one woman's quest to understand the secrets that had poisoned her mother's mind, and her startling discovery that her family's fate had been sealed centuries before.

## Word

**Word by Word**-Kory Stamper 2017-03-14 “We think of English as a fortress to be defended, but a better analogy is to think of English as a child. We love and nurture it into being, and once it gains gross motor skills, it starts going exactly where we don’t want it to go: it heads right for the goddamned electrical sockets.” With wit and irreverence, lexicographer Kory Stamper cracks open the obsessive world of dictionary writing, from the agonizing decisions about what to define and how to do it to the knotty questions of ever-changing word usage. Filled with fun facts—for example, the first documented usage of “OMG” was in a letter to Winston Churchill—and Stamper’s own stories from the linguistic front lines (including how she became America’s foremost “irregardless” apologist, despite loathing the word), Word by Word is an endlessly entertaining look at the wonderful complexities and eccentricities of the English language.
