Encyclopedia of Philosophy and the Social Sciences (Tokyo: Kodansha International 2000) This encyclopedia, magnificently edited by Byron Kaldis, will become a valuable source both of reference and inspiration for all those who are interested in the interrelationship of the social sciences and the humanities. This encyclopedia has been compiled for a general readership and offers comprehensive articles on all the major social sciences. The subject of this encyclopedia is prescribed with a new and different structure. Knowledge is an articulated and forward oriented goal. The goal is to convey a closer survey of how philosophy and the social sciences and its related fields are connected. This is a guide survey of the social sciences in the middle ages and which links to a universal point of view. This is not a simple alternative analysis but these are both connected and on the cutting edge. Understanding the unique scope of this encyclopedia; the interrelationship between philosophy and the social sciences, especially as it is found in both books and engaged another multidisciplinary area. The encyclopaedia serves a further purposed goal to contribute to the meaning of philosophy, the social sciences, and to the individual who is interested in philosophy.

Tabletop Geography (United States, Army, Corps of Engineers 1915) This manual shows in convenient form the abbreviations and general symbols which have been authorized for military use. It is intended to supply the information required by the map drafter.

Discover Geography Class - 6 (revised) - Defense Language Institute (U.S.). West Coast Branch 1964

There are few contemporary writers who are inspired by so many different ideologies and diverse disciplines in their lifelong career, as the Novel-Prize winner Doris Lessing. Her works are characterised principally by the philosophy of Sufism, modern mysticism and the Romantics.

Knowledge, Language and Silence: An Essay in Honour of F. I. Schiess (Toronto: University of Toronto Press, 1980) Without doubt an extraordinary personality. [...] As Lessing herself confirms, symbols become transmitters of abstractions and may develop into significant stylistic devices. For this reason, the present essay focuses on the appearance, without doubt an extraordinary personality.
