From Superman to Man

(1917)-J. A. Rogers

2020-06-23 Racism has surfaced time and again through the course of American history. Men and women have attempted to justify their absurd opinions through a variety of arguments, from religion to science, to history and culture. J. A. Roger's brilliant polemic From "Superman" to Man uncovers how truly weak racist arguments are. Set in a train carriage the plot revolves around the debate between a white racist

Southern politician and an African-American Pullman porter. Every stereotypical argument that is put forward by the politician is rebuffed by the porter who uses sophisticated points backed up with solid evidence to counter the frequently offensive comments. Prof, George B. Foster, University of Chicago: "A stirring story, faithful to truth and helpful to a better understanding and feeling." New York Evening Post: "This porter, who had attended Yale, had travelled extensively and spoke several languages, had at his fingers' end the arguments necessary

to prove that his race was not a whit inferior to the Caucasian."W. N. C. Carlton, Esq., Librarian, Newberry Library, Chicago (in a letter to the author): "I shall place your book in the permanent collection of the Library where present day and future students of the history of your race will find it a most significant document."The Brooklyn Daily Eagle: "From Superman to Man is a vindication of the American Negro."Hon. George W, Ellis, F, R. G, S, eight years Secretary of the U. S. Legation to Liberia: "From Superman to Man by J. A. Rogers is a significant contribution to interracial literature in more ways than one. Its breadth of scholastic research, its selection and concentration of matter are as amazing as its wealth of information. The book is well written and the skillful management of materials shows not only the author's mastery of his subject, but his knowledge of the technique of the literary art. In the program of the broadest education of the races and the promotion of social concord and co-operation this volume

should be in every library and home of the country. In his absorbing story we see the souls, of the white and darker worlds groping and struggling toward the better day of peace and good understanding between the races."From "Superman" to Man is a fascinating and brilliantly well-written attack on racial prejudices that deserves to be read by all. Although first written over one hundred years ago it is just as enlightening to readers of the early twenty-first century as it was in 1917.J. A. Rogers was a Jamaican-American author, journalist, and historian. He wrote widely in history, sociology and anthropology and frequently challenged ideas surrounding race and racism. His book From "Superman" to Man was first published in 1917. He passed away in 1966.

Nature Knows No Color-Line-J. A. Rogers 2014-09-15 In Nature Knows No Color-Line, originally published in 1952, historian Joel Augustus Rogers examines the origins of racial hierarchy and the color problem. Rogers was a humanist who believed that there were no scientifically evident racial divisions—all humans belong to one "race." He believed that color prejudice generally evolved from issues of domination and power between two physiologically different groups. According to Rogers, color prejudice was then used a rationale for domination,

subjugation and warfare. Societies developed myths and prejudices in order to pursue their own interests at the expense of other groups. This book argues that many instances of the contributions of black people had been left out of the history books, and gives many examples.

Man and Superman By George Bernard Shaw

George Bernard Shaw
2020-12-23 "Man and Superman was the first drama to be broadcast on the BBC's Third Programme on October 1, 1946. To celebrate Radio 3's 50th anniversary, the play was directed by Sir Peter Hall, and preserved for all time in this lush audio dramatization. 'A comedy and a philosophy', Man and Superman is based on the Don Juan theme, and using all the elements from Mozart's Don Giovanni, Shaw reordered them so that Don Juan becomes the quarry instead of the huntsman. Boasting an outstanding cast including Ralph Fiennes, Juliet Stevenson, Dame Judi Dench, John Wood, Nicholas Le Prevost, and Paul Merton, this

release includes an exclusive interview with director Sir Peter Hall.

The Real Wakandas of Africa

Maurice Miles
Martinez 2019-06-03 This book is the sequel to J.A. Rogers' book: From Superman to Man and is an introduction to the field of African Studies. Also published as From Man to Superman: Dr. John Henrik Clarke vs. Herman Cain, this book documents the history of Africans including real civilizations in Africa that produced elements that act in a similar way to the fictional vibranium and are currently used to fuel smartphones and rocket engines. Ancient African civilizations were so advanced that some of their feats of construction and science have never been matched. For a more detailed description of the book, please look inside the book. Here are 2 reviews by prominent scholars in the field of African Studies and former colleagues of Dr. John Henrik Clarke: "Early in his career, I recognized that Dr. John Henrik Clarke was a brilliant intellectual and

[makeover.ixiacom.com](https://www.ixiacom.com) on
October 23, 2021 by guest

unique person. He invited me to join the faculty in the Department of Black and Puerto Rican Studies at Hunter College, CUNY. In this stirring discussion of African global history and politics, Maurice Miles Martinez brings Dr. Clarke alive for a new generation of readers and shows why his approach is still relevant to the struggle facing Africans and the African Diaspora today. By having Dr. Clarke encounter Herman Cain on a South-to-North bus ride, Martinez academically and metaphorically demonstrates Dr. Clarke's desire to teach everywhere he went and to challenge those in power to outline a genuine economic, political and cultural roadmap for African people." --Tilden Lemelle, Ph.D. and former Professor and Chair of the Department of Black and Puerto Rican Studies at Hunter College, CUNY

***** "As a former colleague and friend of Dr. John Henrik Clarke, I found that Martinez captured his personality, his spirit and his desire to spread knowledge about Africa even to those

who may be doubtful. Over the years, I traveled to the African continent with Dr. Clarke. Using more than 200 sources, many of which Dr. Clarke regularly cited in his lectures, Martinez brings forth Dr. Clarke's approach to African History, his gift of persuasion by using irrefutable facts, and his desire to engage with those who did not see his point of view." --Bert Green, Ph.D. Herbert H. Lehman College, CUNY

Superman and Philosophy

Mark D. White 2013-03-05 Go beyond the cape and into the mind of the Man of Steel, intime for release of Zack Snyder's Man of Steel movie andSuperman's 75th anniversary He has thrilled millions for 75 years, with a legacy thattranscends national, cultural, and generational borders, but isthere more to the Man of Steel than just your average mythicsuperhero in a cape? General History of Ethiopia Other Highlights of Ethiopian History The Story of Italian Aggression Against Ethiopia Slavery in Ethiopia Geography, Economic Conditions, Etc. The Ethiopian Man The Ethiopian Woman The Sex Lure of Ethiopia Britain's Bond to Ethiopia What the Ethiopians Might Expect Under Italian Rule Haile Selassie I How Do the Ethiopians Feel Towards the Aframericans? Haile Selassie and Mussolini Contrasted What Are Ethiopia's Chances of Victory Ethiopia's Chief Need

Africa's Gift to America-J.

A. Rogers 2014-09-15 Originally published in 1959 and revised and expanded in 1989, this book asserts that Africans had contributed

more to the world than was previously acknowledged. Historian Joel Augustus Rogers devoted a significant amount of his professional life to unearthing facts about people of African ancestry. He intended these findings to be a refutation of contemporary racist beliefs about the inferiority of blacks. Rogers asserted that the color of skin did not determine intellectual genius, and he publicized the great black civilizations that had flourished in Africa during antiquity. According to Rogers, many ancient African civilizations had been primal molders of Western civilization and culture.

Superman in Myth and Folklore-Daniel Peretti

2017-10-05 Superman rose from popular culture--comic books, newspaper strips, radio, television, novels, and movies" but people have so embraced the character that he has now become part of folklore. This transition from popular to folk culture signals the importance of Superman to fans and to a larger American populace. Superman's story has become

makeover.ixiacom.com on
October 23, 2021 by guest

a myth dramatizing identity, morality, and politics. Many studies have examined the ways in which folklore has provided inspiration for other forms of culture, especially literature and cinema. In *Superman in Myth and Folklore*, Daniel Peretti explores the meaning of folklore inspired by popular culture, focusing not on the Man of Steel's origins but on the culture he has helped create. Superman provides a way to approach fundamental questions of human nature, a means of exploring humanity's relationship with divinity, an exemplar for debate about the type of hero society needs, and an articulation of the tension between the individual and the community. Through examinations of tattoos, humor, costuming, and festivals, Peretti portrays Superman as a corporate-owned intellectual property and a model for behavior, a means for expression and performance of individual identity, and the focal point for disparate members of fan communities. As fans apply Superman stories to their lives, they elevate him to a mythical status. Peretti

focuses on the way these fans have internalized various aspects of the character. In doing so, he delves into the meaning of Superman and his place in American culture and demonstrates the character's staying power.

The Crisis- 1924-05 The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

Superman's Not Coming-
Erin Brockovich 2021-04
From the environmental

activist, consumer advocate, and renowned crusader--a stirring call to action that gives us the tools we need to take action ourselves, to make our voices heard, to ensure our water is safe, and to finally bring about change. Clean water is as basic to life on planet Earth as hydrogen or oxygen. In her long-awaited book--her first to reckon with the condition of water on our planet--Erin Brockovich shows us what's at stake. She writes powerfully of the fraudulent science disguising our national water crisis: Cancer clusters are not being reported. People in Detroit and the state of New Jersey don't have clean water. The drinking water for more than six million Americans contains unsafe levels of industrial chemicals linked to cancer and other health issues. The saga of PG&E continues to this day. Yet communities and people around the country are fighting to make an impact, and Brockovich tells us their stories. In Poughkeepsie, New York, a water operator responded to his customers' concerns and changed his system to create some of the safest water in the country.

Local moms in Hannibal, Missouri, became the first citizens in the nation to file an ordinance prohibiting the use of ammonia in their public drinking water. Like them, we can each protect our right to clean water by fighting for better enforcement of laws, new legislation, and stronger regulations.

Man and Superman--George Bernard Shaw 2018-01-19 Mr. Whitefield has recently died, and his will indicates that his daughter Ann should be left in the care of two men, Roebuck Ramsden and Jack Tanner. Ramsden, a venerable old man, distrusts John Tanner, an eloquent youth with revolutionary ideas, saying "He is prodigiously fluent of speech, restless, excitable (mark the snorting nostril and the restless blue eye, just the thirty-secondth of an inch too wide open), possibly a little mad". In spite of what Ramsden says, Ann accepts Tanner as her guardian, though Tanner doesn't want the position at all. She also challenges Tanner's revolutionary beliefs with her own ideas. Despite Tanner's

[makeover.ixiacom.com](https://www.ixiacom.com) on
October 23, 2021 by guest

professed dedication to anarchy, he is unable to disarm Ann's charm, and she ultimately persuades him to marry her, choosing him over her more persistent suitor, a young man named Octavius Robinson.

The Rise of Superman-

Steven Kotler 2014 Using years of research and interviews with adventure sports athletes, the New York Times best-selling author of *Abundance* and *A Small, Fury Prayer* attempts to unlock the secrets to ultimate human performance and the state of consciousness called "flow." 25,000 first printing.

Superman: the Man of Steel Vol. 1-John Byrne 2020 Superman is reinvented from the ground up in this omnibus collection of stories that defined the Man of Steel for decades! Following the events of *Crisis on Infinite Earths*, comic book superstar John Byrne reimagined Superman for a brand-new era--in bold tales collected here in omnibus format! Starting with

the six-issue *Man of Steel* miniseries, Byrne fundamentally changed Superman's origins and propelled him into the present, including iconic encounters with Lex Luthor, Metallo, Darkseid--and The Joker! Collects *Action Comics* #584-593, *Action Comics Annual* #1, *Adventures of Superman* #424-435, *Adventures of Superman Annual* #1, *Legion of Super-Heroes* #37-38, *Superman* #1-11, *Superman Annual* #1, *The Man of Steel* #1-6.

Men of Tomorrow-Gerard Jones 2004-10-12 Springing from the depths of the Depression, the birth of the comic book superhero spawned a new genre that still resonates seventy years later, a journey chronicled in an in-depth look at the people and personalities behind the creations. 60,000 first printing.

Re-Constructing the Man of Steel-Martin Lund 2016-11-17 In this book, Martin Lund challenges

contemporary claims about the original Superman's supposed Jewishness and offers a critical re-reading of the earliest Superman comics. Engaging in critical dialogue with extant writing on the subject, Lund argues that much of recent popular and scholarly writing on Superman as a Jewish character is a product of the ethnic revival, rather than critical investigations of the past, and as such does not stand up to historical scrutiny. In place of these readings, this book offers a new understanding of the Superman created by Jerry Siegel and Joe Shuster in the mid-1930s, presenting him as an authentically Jewish American character in his own time, for good and ill. On the way to this conclusion, this book questions many popular claims about Superman, including that he is a golem, a Moses-figure, or has a Hebrew name. In place of such notions, Lund offers contextual readings of Superman as he first appeared, touching on, among other ideas, Jewish American affinities with the Roosevelt White House, the whitening

effects of popular culture, Jewish gender stereotypes, and the struggles faced by Jewish Americans during the historical peak of American anti-Semitism. In this book, Lund makes a call to stem the diffusion of myth into accepted truth, stressing the importance of contextualizing the Jewish heritage of the creators of Superman. By critically taking into account historical understandings of Jewishness and the comics' creative contexts, this book challenges reigning assumptions about Superman and other superheroes' cultural roles, not only for the benefit of Jewish studies, but for American, Cultural, and Comics studies as a whole.

recorded Black history. J. A. Rogers's book is vital reading for everyone who wants a fuller and broader understanding of the great personalities who have shaped our world. The companion volume covers the great Blacks of Europe, South and Central America, the West Indies, and the United States, including Marcus Garvey, Robert Browning, Dom Pedro, Alexandre Dumas, Joachim Murat, Aleksander Sergeevich Pushkin, Alessandro de' Medici, St. Benedict the Moor, and many others.

Superman and Comic Book Brand Continuity-Phillip Bevin 2020-06-30 Superman and Comic Book Brand Continuity traces the development of comic book continuity through the case study of Superman, examining the character's own evolution across several media, including comics, radio, television, and film. Superman's relationship with continuity illustrates a key feature of the way in which people in western societies construct stories about

themselves. In this respect, the book is a study of narrative and how comic book continuity reflects the way that, in wider western post-enlightenment culture, storytelling shapes the common sense and received wisdoms that influence how we perceive reality. The scope of the analysis extends from Superman's creation in the late 1930s to the recent films Man of Steel (2013) and Batman v. Superman: Dawn of Justice (2016), as well as the current comic book reboot Rebirth (2016).

Superman Chronicles-Jerry Siegel 2012-09-01 In June 1938, Jerry Siegel and Joe Shuster created the most sensational comic character ever, Superman. With his brightly coloured costume and thrilling adventures, Superman quickly became, and remains, the world's best-known superhero. This book collects the continuing early adventures of the Man of Steel.

Enemies & Allies-Kevin J. Anderson 2009-05-05 “[A] fun read....Batman and Superman meet in this retro-flavored novel set amid the Cold War sensibilities of the 1950s.” —USA Today The Dark Knight meets the Man of Steel in **Enemies & Allies**—the thrilling story of the first-ever meeting between Batman and Superman, brilliantly

imagined by New York Times bestselling author Kevin J. Anderson. One of today’s most popular writers pits the iconic superheroes against Lex Luthor and the Soviets—and each other—in a spellbinding story of destiny and duty set against the backdrop of America’s Cold War era.

Superman: The Men of Tomorrow-Geoff Johns 2015-08-11 Comics legend John Romita Jr. (The Amazing Spider-Man) makes his DC Comics debut, teaming up with superstar writer Geoff Johns (JUSTICE LEAGUE) and inker Klaus Janson (BATMAN: THE DARK KNIGHT RETURNS) in SUPERMAN: THE MEN OF TOMORROW! The powerful super-being Ulysses is the last son of a doomed planet. Our planet. Thinking Earth's destruction was at hand, his parents used experimental science to send their son to another dimension. Now he has returned, and Superman has finally found a peer. But will Ulysses become the hero and partner that Superman wants him to be?

Working-Class Comic Book Heroes-Marc DiPaolo

2018-04-19 Contributions by Phil Bevin, Blair Davis, Marc DiPaolo, Michele Fazio, James Gifford, Kelly Kanayama, Orion Ussner Kidder, Christina M. Knopf, Kevin Michael Scott, Andrew Alan Smith, and Terrence R. Wandtke In comic books, superhero stories often depict working-class characters who struggle to make ends meet, lead fulfilling lives, and remain faithful to themselves and their own personal code of ethics. *Working-Class Comic Book Heroes: Class Conflict and Populist Politics in Comics* examines working-class superheroes and other protagonists who populate heroic narratives in serialized comic books. Essayists analyze and deconstruct these figures, viewing their roles as fictional stand-ins for real-world blue-collar characters. Informed by new working-class studies, the book also discusses how often working-class writers and artists created these characters. Notably Jack Kirby, a working-class Jewish artist, created several of the most

recognizable working-class superheroes, including Captain America and the Thing. Contributors weigh industry histories and marketing concerns as well as the fan community's changing attitudes towards class signifiers in superhero adventures. The often financially strapped Spider-Man proves to be a touchstone figure in many of these essays. Grant Morrison's Superman, Marvel's Shamrock, Alan Moore and David Lloyd's V for Vendetta, and *The Walking Dead* receive thoughtful treatment. While there have been many scholarly works concerned with issues of race and gender in comics, this book stands as the first to deal explicitly with issues of class, cultural capital, and economics as its main themes.

Men and Women of the Corporation-Rosabeth Moss Kanter 2008-08-04 In this landmark work on corporate power, especially as it relates to women, Rosabeth Moss Kanter, the distinguished Harvard management thinker and consultant, shows how

the careers and self-images of the managers, professionals, and executives, and also those of the secretaries, wives of managers, and women looking for a way up, are determined by the distribution of power and powerlessness within the corporation. This new edition of her award-winning book has a major new afterward in which the author reviews and analyzes how attitudes and practices within the corporate power structure have changed in the 1990s.

Superman: Dawnbreaker-

Matt de la Peña 2019-03-05

The blockbuster DC Icons series that began with Leigh Bardugo's Wonder Woman, Marie Lu's Batman, and Sarah J. Maas's Catwoman continues with the story of the world's first super hero--SUPERMAN--from award-winning and #1 New York Times bestselling author MATT DE LA PEÑA. When the dawn breaks, a hero rises. His power is beyond imagining. Clark Kent has always been faster, stronger--better--than everyone around him. But he wasn't raised to show off, and drawing attention to himself could be

dangerous. Plus, it's not like he's earned his powers . . . yet. But power comes with a price. Lately it's difficult to hold back and keep his heroics in the shadows. When Clark follows the sound of a girl crying, he comes across Gloria Alvarez and discovers a dark secret lurking in Smallville. Turns out, Clark's not the only one hiding something. Teaming up with his best friend, Lana Lang, he throws himself into the pursuit of the truth. What evil lies below the surface of his small town? And what will it cost Clark to learn about his past as he steps into the light to become the future Man of Steel? Because before he can save the world, he must save Smallville. Act fast! The first printing includes a poster of Clark Kent! Each first printing in the DC Icons series has a limited-edition poster--collect them all to create the full image! Don't miss the rest of the DC Icons series! Read the books in any order you choose: * Wonder Woman: Warbringer by Leigh Bardugo * Batman: Nightwalker by Marie Lu * Catwoman: Soulstealer by Sarah J. Maas

Man of Steel: Friends and Foes-Lucy Rosen 2013-04-30

"Inspired by the film Man of Steel, screenplay by David S. Goyer, story by David S. Goyer and Christopher Nolan."

Room-Emma Donoghue 2017-05-07 Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. Her five year old son, Jack, has no concept of the world outside and happily exists inside Room with the help of Ma's games and his vivid imagination where objects like Rug, Lamp and TV are his only friends. But for Ma the time has come to escape and face their biggest challenge to date: the world outside Room.

Toxic Masculinity-Esther De Dauw 2020-09-15
Contributions by Daniel J. Connell, Esther De Dauw, Craig Haslop, Drew Murphy, Richard Reynolds, Janne Salminen, Karen Sugrue, and James C. Taylor The

superhero permeates popular culture from comic books to film and television to internet memes, merchandise, and street art. Toxic Masculinity: Mapping the Monstrous in Our Heroes asks what kind of men these heroes are and if they are worthy of the unbalanced amount of attention. Contributors to the volume investigate how the (super)hero in popular culture conveys messages about heroism and masculinity, considering the social implications of this narrative within a cultural (re)production of dominant, hegemonic values and the possibility of subaltern ideas, norms, and values to be imagined within that (re)production. Divided into three sections, the volume takes an interdisciplinary approach, positioning the impact of hypermasculinity on toxic masculinity and the vilification of "other" identities through such mediums as film, TV, and print comic book literature. The first part, "Understanding Super Men," analyzes hegemonic masculinity and the spectrum of hypermasculinity through

[makeover.ixiacom.com](https://www.makeover.ixiacom.com) on
October 23, 2021 by guest

comics, television, and film, while the second part, "The Monstrous Other," focuses on queer identity and femininity in these same mediums. The final section, "Strategies of Resistance," offers criticism and solutions to the existing lack of diversity through targeted studies on the performance of gender. Ultimately, the volume identifies the ways in which superhero narratives have promulgated and glorified toxic masculinity and offers alternative strategies to consider how characters can resist the hegemonic model and productively demonstrate new masculinities.

Superman Versus the Ku Klux Klan-Richard Bowers
2012 Intertwining stories about the invention of Superman as a defender of the little guy, his rise as a media force and the real fight against the Ku Klux Klan demonstrate how a mythical hero could take on the fight for civil rights. By the author of Spies of Mississippi.

The Man of Steel-John Byrne

The Outsiders-Lynda Edwards
2019-11-20

Breeding Superman-Dan Stone
2002-02-01 Before the First World War there existed an intellectual turmoil in Britain as great as any in Germany, France or Russia, as the debates over Nietzsche and eugenics in the context of early modernism reveal. With the rise of fascism after 1918, these debates became more ideologically driven, with science and vitalist philosophy being hailed in some quarters as saviours from bourgeois decadence, vituperated in others as heralding the onset of barbarism. Breeding Superman looks at several of the leading Nietzscheans and eugenicists, and challenges the long-cherished belief that British intellectuals were fundamentally uninterested in race. The result is a study of radical ideas which are

conventionally written out of histories of the politics and culture of the period.

Superman: The Dailies-

Jerry Siegel 1999-09-01 The final collection of the popular daily comic strip from the early 1940s finds the Man of Tomorrow facing an evil and equally powerful Superman look-alike, a mad scientist armed with a futuristic death ray, and an organization of criminals dedicated to killing him.

The Revolutionist's Handbook and Pocket Companion-George Bernard

Shaw 2012-06-01 Renaissance man George Bernard Shaw dabbled in economics, criticism and activism, but was best known for his large body of dramatic work, including his 1903 masterpiece Man and Superman. Dedicated to developing fully fleshed-out characters, Shaw wrote The Revolutionist's Handbook and Pocket Companion in the guise of the protagonist of Man and Superman, John Tanner. The booklet lays out the character's philosophy and political views.
