The Call of Salafism (2018) by Leor Halevi 2018-11-15 "Everybody talks about "sharia money," but no one really knows what it is. John Esposito provides a longitudinal chronicle of violence and politics, tells the story of black nationalism as it has unfolded over the last century. This book is a major contribution to our understanding of Islamic law and politics. In this innovative book, Ahmed Shafik and his colleagues argue that the Salafist movement is a radical form of political Islam that has emerged in response to the perceived failure of traditional forms of political Islam. They analyze the evolution of the Salafist movement from its origins in the 1920s to its current status as a major political force in the Middle East and North Africa. They provide a detailed account of the Salafist movement's ideological and organizational development, as well as its political strategies and tactics. They also examine the Salafist movement's relationship to other political forces and movements in the region, and its impact on regional and international politics.

Global Salafism: The Morality of the Middle East's New Religious Revolution (2015) by R. Michael Palmer 2015-04-27 "Global Salafism" is the modal trajectory of the Middle East's new religious revolution, which is defined as the reassertion of the traditional path of Islamic practice and thought. The book examines the dynamics of this trajectory by focusing on the Salafist movement, which has emerged as the most important political force in the region. The Salafists are characterized by their strict adherence to the traditional path of Islamic practice and thought, and their rejection of modernization and Westernization. The book explores the historical development of the Salafist movement, its political strategies and tactics, and its impact on regional and international politics. It also examines the role of Salafism in the Islamic world, and its relationship to other political forces and movements in the region.

The Military Strategy of Global Jihad

Laurent Bonnefoy

Over the last decade or so Salafism has become one of the West's new political bogey-men. Many regard the movement as the antechamber of violent groups such as al-Qaeda, and as the by-product of a centralised foreign-policy platform shaped by so-called Saudi interests. Based on extensive research conducted throughout Yemen between 2001 and 2009, and particularly in the southern province of Yafi', this book offers an in-depth analysis of Salafism in Yemen and demonstrates just how relevant and influential the Salafist movement has become in Yemen and in the broader context of the Arab, Islamic, and political scenes that have shaped the region's security environment.

Salafism in Yemen

Shiraz Maher 2016

No topic has captured the public imagination of late quite so dramatically as the specter of global jihadism. While much has been said about the way jihadists behave, their ideology remains poorly understood. As the Levant has imploded and millenarian radicals claim to have revived a Caliphate based on the teachings of the Prophet Mohammed, the need for a nuanced and accurate understanding of jihadist beliefs has never been greater. As the Levant has imploded and millenarian radicals claim to have revived a Caliphate based on the teachings of the Prophet Mohammed, the need for a nuanced and accurate understanding of jihadist beliefs has never been greater.

Al Qaeda and Affiliates

John Rollins

Al Qaeda (AQ) has evolved into a significantly different terrorist org. than the one that perpetrated the 9/11 attacks. The pre-9/11 AQ was akin to a corp., with Osama Bin Laden acting as a CEO issuing orders and soliciting ideas from subordinates. It has transformed into a diffuse global network and philosophical movement composed of dispersed nodes with varying degrees of independence. Contents of this report: (1) Background; (2) AQ Origins; (3) Afghanistan; (4) Pakistan; (5) Arabian Peninsula; (6) Iraq; (7) North Africa/Sahel: Islamic Maghreb; Algeria; The Sahel; (8) Somalia; The Islamic Courts Union, Al Shabaab; (9) Radical Islamist Groups in SE Asia: Jemaah Islamiya; (10) Conclusion.
