Hiligaynon Dictionary Pdf

This is likewise one of the factors by obtaining the soft documents of this [hiligaynon dictionary pdf] by online. You might not require more get older to spend to go to the book commencement as skillfully as search for them. In some cases, you likewise do not discover the revelation hiligaynon dictionary pdf that you are looking for. It will categorically squander the time.

However below, subsequent to you visit this web page, it will be for that reason no question simple to acquire as capably as download guide hiligaynon dictionary pdf

It will not take many grow old as we accustom before. You can attain it though deed something else at house and even in your workplace. as a result easy! So, are you question? Just exercise just what we come up with the money for below as with ease as review hiligaynon dictionary pdf what you later than to read!

The Oxford English Dictionary John Andrew Simpson 1991 A Dictionary of Cebuano Visayan John Wolff 2016-01-26 This is a dictionary of Cebuano Visayan, the language of the central part of the Philippines and much of Mindanao. Although the explanations are given in English, the aim of this work is not to provide English equivalents but to explain Cebuano forms in terms of themselves. It is meant as a reference work for Cebuano speakers and as a tool for students of the Cebuano language. There is a total of some 25,000 entries and an addenda of 700 forms which were prepared after the dictionary had been composed. This dictionary is the product of eleven years work by more than a hundred persons. The work was edited by John Wolff but the sources are entirely native, and all illustrations are composed by native speakers. To date, this work probably represents the most authoritative dictionary of the Cebuano Visayan language.

2021 Lottery Numbers Dream Book Dr Golder 2021-01-01 Picking Winning Lottery Numbers can be hard. Many people have complicated mathematical systems that use historical data (maybe a birthday, or what they are lucky numbers). Some people use the same numbers every time they play. Others just let the system spit out random numbers. Very often the results are disappointing or totally random. This book goes back to the grand tradition of fusing our own dreams and modern numerology—coding this dream imagery into usable, meaningful numbers. For instance, are you dreaming of Pizza every other night? Well this could mean something (apart from waking up hungry every morning!). Why not use this in your choice of number? The tables in this Modern Lottery Dream Book will give you something usable from that dream to actually use in the Lottery of your choice. The number to choose for Pizza would be 65 if you are playing Power Ball. In this book, you will Learn how to remember your dreams Learn how to Transcode Proper Nouns Create complete sets of Lottery Numbers from your Dreams Over 1000 common items included - all with their own numbers ** While no Winning is Guaranteed, this book can make the numbers directly connect with your dreams. Tables and descriptions valid for Mega Millions (US), Powerball (US), UK National Lottery (UK), Euro Jackpot (EU) and Euro Millions (EU).

Evangelical Dictionary of Theology (Baker Reference Library) Walter A. Elwell 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology. Every article from the original edition has been revisited. With some articles being removed, others revised, and many new articles added, the result is a completely new dictionary covering systematic, historical, and philosophical theology as well as theological ethics.

The Bisayan Dialects of the Philippines R. David Paul Zorc 1977 Hiligaynon Reference Grammar Elmer P. Wolfenden 2019-03-31 The Philippine series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages. Ilokano Reference Grammar Ernesto Constantino 2019-03-31 The Philippine series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages. Ilokano is an Austronesian language. It ranks third among the major languages of the Philippines, being spoken by just over 12 percent of the population. Widely spoken throughout the Philippines, Ilokano is the dominant language of most of the provinces of Northern Luzon and is used as a lingua franca by non-Ilokano speakers in this area. Settlers have also carried the language to Mindoro and to several areas in Mindanao. The Ilokano reference grammar was developed under the auspices of the Pacific and Asian Linguistics Institute (PALI) of the University of Hawaii, and accompanies the Ilokano dictionary by the same author as well as Ilokano Lessons by Bernabe, Lapid, and Sibayan. This reference grammar concentrates on syntactic structures. Professor Constantino cites morphological farms in depth in his dictionary. Consequently the treatment here should be used in conjunction with both the dictionary and the lessons mentioned above. It is the hope of the editor and author alike that this reference grammar will prove of value and interest to learners of Ilokano.

Dictionary of Languages Andrew Dalby 2015-10-28 Covering the political, social and historical background of each language, Dictionary of Languages offers a unique insight into human culture and communication. Every language with official status is included, as well as all those that have a written literature and 175 ‘minor’ languages with special historical or anthropological interest. We see how, with the rapidly increasing uniformity of our culture as media’s influence spreads, more languages have become extinct or are under threat of extinction. The text is highlighted by maps and charts of scripts, while proverbs, anecdotes and quotations reveal the features that make a language unique.

The Giant Ilonggo Phrasebook Paul Soderquist 2017-09-11 Containing over 1900 Ilonggo phrases and translations, this book is aimed toward helping an English speaker learn to speak the Bisayan dialects, primarily Ilonggo, but it also includes 24 pages specifically designed to help a Tagalog speaker learn Ilonggo. The initial intent of this book was to help missionaries, but anyone wishing to speak like an Ilonggo will find this book extremely helpful. Unlike a dictionary or other available materials on the subject, the focus of this book is conversational, beginning with the basics such as common greetings and phrases, then illustrating common verb usage, and finally enhancing one’s conversation by teaching correct particle usage. Ilonggo, officially known as Hiligaynon, is the fourth most spoken language in the Philippines. It belongs to a group of languages called Bisayan. These are spoken particularly on the islands of Panay, Negros, and even some parts of Mindanao.

Reconceptualizing English Education in a Multilingual Society Isabel Pefianco Martin 2018-03-01 This book brings together chapters that describe, investigate, and analyze the place of English in education in multilingual Philippines. Unlike most studies on languages in education, which take a neutral, de-contextualized stance, this volume take a pluricentric view of the English language by positioning it in relation to its varieties, as well as to other languages in the country. Because of the changing realities of English in the Philippines, traditional assumptions about the language as monolithic and unchanging, as well as about how it should be taught and learned, need to be revisited and re-conceptualized.

The Columbia Encyclopedia Barbara Ann Chernow 1993 Contains numerous entries on personalities, events, terms, places, and special fields, and includes maps, charts, and diagrams

Cross-Lingual Word Embeddings Anders Skagaard 2019-06-04 The majority of natural language processing (NLP) is English language processing, and while there is good language technology support for (standard varieties of) English, support for Albanian, Burmese, or Cebuano—and most other languages—remains limited. Being able to bridge this digital divide is important for scientific and democratic reasons but also represents an enormous growth potential. A key challenge for this to happen is learning to align basic meaning-bearing units of different languages. In this book, the authors survey and discuss recent and historical work on supervised and unsupervised learning of such alignments. Specifically, the book focuses on so-called cross-lingual...
word embeddings. The survey is intended to be systematic, using consistent notation and putting the available methods on comparable form, making it easy to compare wildly different approaches. In so doing, the authors establish previously unreported relations between these methods and are able to present a fast-growing literature in a very compact way. Furthermore, the authors discuss how best to evaluate cross-lingual word embedding methods and survey the resources available for students and researchers interested in this topic.

Twinkle, Twinkle Little Star Cloth Book

2012 Brought to life by colourful and endearing illustrations, this nursery song and rhyme are presented in an infant-friendly cloth book format.

English / Afrikaans / Swahili Phrasebook

John C Rigdon 2021-05-05

This is not your typical tourist phrasebook. It contains over 75 categories of terms in English, Afrikaans and Swahili with over 4,000 terms, phrases and sample sentences. Also included is a guide to the English, Afrikaans and Swahili alphabet, and pronunciation tables. As a teaching tool, or for parents of children of any age, the English / Afrikaans / Swahili Phrasebook is designed to be used by the English speaker to learn the basics of the two major languages of southern Africa. If you are intending to learn any new language, you’ll need to get a phrasebook. The purpose of the phrasebook is to give you practice in real-life situations.

Memorizing phrases ahead of time is the BEST way to use a phrasebook. Your grammar book, and sometimes even your course, does not give you the "Which room is mine?" kind of phrases. Yes, you will need to flip through the book to find responses or the next question on a different topic, but that is only if you do not practice a bit ahead of time. You can have your phrasebook open to the page and read the relevant content. Learn how to tell time, order food, go through customs, as well as greetings and social conversations. Proper names may or may not be translated between languages. Generally country names are translated, but personal names, place names, and trade names (products) are not.

Some words may provide an alternate translation or transliteration, others may not. This phrasebook is derived from our Words R Us system, a derivative of WordNet. English Wordnet, originally created by Princeton University is a lexical database for the English language. It groups words in English into sets of synonyms called synsets, provides brief definitions and usage examples, and records a series of relationships between these sets of synonyms. WordNet can be viewed as both a combination dictionary and thesaurus.

An Introduction to the Languages of the World

Unique in scope, An Introduction to the Languages of the World introduces linguistics students to the variety of world's languages. Students will gain familiarity with concepts such as sound change, lexical borrowing, diglossia, and language diffusion, and the rich variety of linguistic structure in word order, morphological types, grammatical relations, gender, inflection, and derivation. It offers the opportunity to explore structures of varying and fascinating languages even with no prior acquaintance. A chapter is devoted to each of the world's continents, with in-depth analyses of representative languages of Europe, Asia, Africa, Oceania, and America, and separate chapters cover writing systems and pidgins and creoles. Each chapter contains exercises and recommendations for further reading. New to this edition are eleven original maps as well as sections on sign languages and language death and revitalization. For greater readability, basic language facts are now organized in tables, and language samples follow international standards for phonetic transcription and word-by-word glossing. There is an instructor's manual available for registered instructors on the book's companion website.

The Austronesian Languages

R. A. Blust 2009

Encyclopedia of Linguistics

Philipp Straszny 2013-02-01利用ing a historical and international approach, this valuable two-volume resource makes even the more complex linguistic issues understandable for the non-specialized reader. Containing over 500 alphabetically arranged entries and an expansive glossary by a team of international scholars, the Encyclopedia of Linguistics explores the varied perspectives, figures, and methodologies that make up the field.

A Poet's Glossary

Edward Hirsch 2014-04-08

"An instant classic that belongs on the bookshelf of every serious poet and literature student" (The Washington Post). A major addition to the literature of poetry, Edward Hirsch's sparkling new work is a compilation of forms, devices, groups, movements, isms, aesthetics, rhetorical terms, and folklore—an "absorbing" book all readers, writers, teachers, and students of poetry will return to over and over (The New Yorker). Hirsch has delved deeply into the poetic traditions of the world, returning with an inclusive, international compendium. Moving gracefully from the bards of ancient Greece to the revolutionaries of Latin America, from small formal elements to large mysteries, he provides thoughtful definitions for the most important lyrical vocabulary, imbuing his work with a lifetime of scholarship and the warmth of a man devoted to his art. Knowing how a poem works is essential to unlocking its meaning. Hirsch's entries will deepen readers' relationships with their favorite poems and open greater levels of understanding in each new poem they encounter. Shot through with the enthusiasm, authority, and sheer delight that made How to Read a Poem so beloved, A Poet's Glossary is a new classic.

Amoris Laetitia

Pope Francis 2016-04-22

"All of us are called to keep striving towards something greater than ourselves and our families, and even family must feel this constant impulse. Let us make this journey as families, let us keep walking together." Pope Francis, Amoris Laetitia In his groundbreaking work on modern family life, Amoris Laetitia: On Love in the Family, Pope Francis continues to guide and lead the Church, calling us to be a similitude of Christ and encouraging us to be a support for families of all shapes and sizes. The Our Sunday Visitor edition includes exclusive reflection and discussion questions, to help Catholics grow in our understanding of this call, and act upon it. In Amoris Laetitia: On Love in the Family the Holy Father expands on the topics and considerations of the two Synods on the family, and adds his own considerations to help us provide pastoral guidance to support and strengthen today's families. On Love in the Family guides us through: Scripture - what we can learn from Biblical families and relationships with God and each other Reality - the experiences and challenges we face in today's world Tradition - essential aspects of Catholic tradition and the concerns of married life and the family - what it means for all our relationships Ministry - Pope Francis offers pastoral perspectives for helping build strong families Spirituality - the expression of the Gospel message in our relationships.

Tausug-English dictionary

Irene Hassan 1994

Ilocano Dictionary and Grammar

Cari Ralph Galvez Rubino 2000-12-01

This root-based dictionary of the Ilocano language is the most comprehensive dictionary produced of Ilocano (Ilokano), the lingua franca of Northern Luzon, and historically the native language of the majority of Filipino immigrants to the United States. The body of the dictionary includes entries for roots and affixes with illustrative sentences, idioms, comparative derivations, and scientific names (when applicable). Ilocano synonyms are also furnished when applicable. Derived words that undergo morphological fusion are listed as separate entries to facilitate lexical searches. There is also an affix cross-reference list to help the beginning student recognize root words. Unlike most dictionaries of Philippine languages, it has an extensive English to Ilocano section, information on the pre-Hispanic syllabary, and language maps of the Philippines showing where the largest concentration of Ilocano speakers reside. Of related interest: Let's Speak Ilokano, by Percy Espiritu

Seventh-Day Adventists Answer Questions on Doctrine

George R. Knight 2003

This completely new type-set of the monumental 1957 classic contains an extensive historical and theological introduction and detailed notations by George R. Knight, professor of church history at Andrews University.; Originally produced by the Ministerial Association of the General Conference of SDAs, Questions on Doctrine was widely acclaimed and heavily distributed in the late 1950s and early 1960s as a forthright answer to questions from evangelicals about key elements of Adventist doctrine. Controversy regarding the book's position on the nature of Christ and the atonement soon stopped its circulation.; Intended as a complete reference on the book itself, this new edition faithfully reproduces the original text, and adds new sections on marriage and family.; Indicators of the original pagination. It includes later important documents that bring the work up to date. The original bibliography is followed by an updated selected bibliography. Commentary on various historical or bibliographic topics is included in new footnotes throughout the text, all while preserving the reading integrity of the original edition.; George Knight's introductory essays provide the background for how the book came about and describe the interaction of the principal players involved in the dispute about a small section of content that shelved this classic work for more than a generation.; This new edition of Question on Doctrine beautifully preserves this outstanding and winsome work of Adventist apologetics to future generations of scholars, laypersons, and critics. It is an essential element of every Adventist library.

Proceedings of International Ethical Hacking Conference 2018

Mohuya Chakraborty 2018-10-04

This book discusses the implications of new technologies for a secured society. As such, it reflects the main focus of the International Conference on Ethical Hacking, eHaCon 2018,
which is essentially in evaluating the security of computer systems using penetration testing techniques. Showcasing the most outstanding research papers presented at the conference, the book shares new findings on computer network attacks and defenses, commercial security solutions, and hands-on, real-world security experience. The respective sections include network security, ethical hacking, cryptography, digital forensics, cloud security, information security, mobile communications security, and cyber security.

A Subgrouping of Nine Philippine Languages NA Llamzon 2013-06-29 By J. C. ANCEAUX Since the appearance of Brugmann’s famous article on the relation ships of the Indo-European languages in 1884, the subject of sub grouping of languages as a methodological problem has been raised only occasionally. To this apparent lack of interest in a major point in comparative linguistics several causes can be assigned. One of them is that a consensus has been reached about the major outlines for the language-family which has received more attention than any other: the Indo-European. Another explanation is that for most of the branches of this family historical materials are available which have proved very valuable for the reconstruction of the inter mediate stages between the proto-language and the modern languages. For a few branches only has the problem of subgrouping been a matter for discussion (e.g. Germanic). Special attention, however, could be expected from those who started to apply the comparative methods to other language-families. This attention did come forward, though not immediately, because linguists first had to deal with the problem of proving the existence of the family in question and deciding which languages belonged to it. For the Austronesian languages serious attempts to arrive at a linguistic classification started relatively late. Certain cases of closer relationships were obvious enough to be recognized very early (e.g. Gospel Principles The Church of Jesus Christ of Latter-day Saints 1981 A Study Guide and a Teacher’s Manual Gospel Principles was written both as a personal study guide and as a teacher’s manual. As you study it, seeking the Spirit of the Lord, you can grow in your understanding and testimony of God the Father, Jesus Christ, His atonement, and the Restoration of the gospel. You can find answers to life’s questions, gain assurance of your identity and self-worth, and face personal and family challenges with faith.

Hiligaynon Lessons Cecile L. Motus 2019-03-31 The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages.

Language and Desire Keith Harvey 1997 This original and intriguing collection explores the pressures exerted upon language in the expression of romantic and sexual desire. Simultaneously, it reveals the ways in which language itself exerts its own constraints on the subject’s capacity to express desire. The contributors, while using the approaches and methods of empirical linguistics, engage directly with issues of relevance in gender studies and cultural studies. They examine and probe: * language used to mediate romantic and sexual desire * language used by the media to represent intimacy and desire * attitudes and assumptions about romantic and sexual desire embodied in English * implications for the construction of romantic and sexual identity

A Maranao dictionary Howard McKaughan 1996 Ilocano Carl R. Galvez Rubino 1998 Ilocano is spoken in the northern Luzon region of the Philippines, and is sometimes called the national language of the north. It is spoken by about 9 million people, including large communities of Ilocanos in Hawaii and California. Although non-Tagalog Philippine languages are often perceived as unique languages and Ilocano is not mutually intelligible with Tagalog. The aim of this dictionary and phrasebook is to assist the student or traveler in expanding his or her knowledge of the language and culture of the Philippines. * Introduction to basic grammar * Pronunciation guide * Ilocano-English / English-Ilocano dictionary * Ilocano phrasebook

Parlulog na, nene : a Hiligaynon lullaby Hermes Alegre 2017 Concise Encyclopedia of Languages of the World 2010-04-06 Concise Encyclopedia of Languages of the World is an authoritative single-volume reference resource comprehensively describing the major languages and language families of the world. It will provide full descriptions of the phonology, morphology, and syntax of the world’s major languages, giving insights into their structure, history and development, sounds, meaning, structure, and language family, thereby both highlighting their diversity for comparative study, and contextualizing them according to their genetic relationships and regional distribution. Based on the highly acclaimed and award-winning Encyclopedia of Language and Linguistics, this volume will provide an edited collection of almost 400 articles throughout which a representative subset of the world’s major languages are unfolded and explained in up-to-date terminology and authoritative interpretation, by the leading scholars in linguistics. In highlighting the diversity of the world’s languages — from the thriving to the endangered and extinct — this work will be the first point of call to any language expert interested in this huge area. No other single volume will match the extent of language coverage or the authority of the contributors of Concise Encyclopedia of Languages of the World. * Extraordinary breadth of coverage: a comprehensive selection of just under 400 articles covering the world’s major languages, language families, and classification structures, issues and disputes * Peerless quality: based on 20 years of academic development on two editions of the leading reference resource in linguistics, Encyclopedia of Language and Linguistics * Unique authorship: 350 of the world’s leading experts brought together for one purpose * Exceptional editorial selection, review and validation process: Keith Brown and Sarah Ogilvie act as first-tier guarantors for article quality and coverage * Compact and affordable: one-volume format makes this suitable for personal study at any institution interested in areal, descriptive, or comparative language study - and at a fraction of the cost of the full encyclopedia Tagalog for Beginners Teresita V. Ramos 2019-03-31 Tagalog is an Austronesian language. It is the language of Manila and the surrounding provinces of Bataan, Bulacan, Rizal, Cavite, Laguna, Quezon, Batangas, and Marinduque. It is also spoken widely throughout the Philippines as a second language, with an estimated sixty percent of the population now being able to communicate in this language. Tagalog is the basis of the Philippine national language, Filipino, and as such is taught in schools throughout the country. In addition to the lessons in this text, there are extensive notes to the teacher, supplementary vocabulary lists, pronunciation drills, and songs.

Hiligaynon Dictionary Cecile L. Motus 2019-03-31 The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages.

Holy Bible Zondervan Publishing House 2013-01-21 A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

Visayan-English Dictionary John Kauffmann 2016-01-16 Published in 1934, this was the first Visayan-English dictionary. It contains more than 18,000 words of the Hiligaynon and Hinigad dialects as spoken in and around Iloilo, besides many Spanish words, which, being frequently used by the Visayans, have become part of the Visayan language. Collated by the REV. J. KAUFFMANN, M.M.H., parish priest of Ibgar, Iloilo, Philippines. Today, this dictionary remains one of the best Visayan-English Dictionaries; and is useful to both English students of Visayan, and also Visayan native speakers who require a dictionary of their own language with definitions in English. This work contains not merely a definition of the meaning of each Visayan term, but also English equivalents in abundance. It has been thought better, in translating the Visayan sentences, not to depart too far from the literal meaning; nevertheless English words and phrases have been introduced, which will prove most useful to Visayan students of English. CuriousPages Edition This book is a CuriousPages edition, which has been carefully edited by an experienced literary editor, then formatted to produce a book that is a pleasure to read. These editions are printed by CreateSpace (an Amazon company), which produces exceptional printing quality (of a higher quality than most trade paperbacks) at a reasonable price. For details of further downloads, please visit www.curiouspages.com/books

Basic Tagalog for Foreigners and Non-Tagalogals Paraluman S. Aspillera 2014-07-01 “Basic Tagalog takes a friendly and innovative approach, emphasizing the structure of the Tagalog language rather than just vocabulary. This user-friendly beginner Tagalog book teaches more than 2,000 Tagalog words and expressions with over 500 being added for this new edition. These are spread throughout 44 lessons, the Appendices and the exercises as well as in the Tagalog-English and English-Tagalog vocabulary lists at the back of the book. The added Tagalog vocabulary is meant to keep learners aware of changes that have occurred in the language since the first edition of Basic Tagalog which was published. This edition has retained all the grammar lessons and the tried-and-tested teaching methodology developed by the author, Paraluman S. Aspillera, for the original version. Her method has proven to be extremely effective for tens of thousands of foreigners and non-Tagalogals who have used this book to learn Tagalog, including many who have
successfully learned to speak Tagalog, read Tagalog and write Tagalog through self-study on their own without a teacher. Downloadable audio has also been added to facilitate the correct pronunciation of Tagalog words and phrases. A succinct introduction to the language and a description of the character of Filipinos will hopefully provide learners with a better understanding of the language they are learning. The lessons in Basic Tagalog are intended for a three-month period of intensive study followed by another three months of applied oral communication. In six months (or about 250 hours), it is expected that an average learner should be able to speak, write and understand simple, everyday, conversational Tagalog as spoken by most Filipinos. Highlights of this book include: Over 2,000 Tagalog words and expressions. 44 lessons organized by organized for efficient language absorption. Extensive exercises and activities to reinforce the lessons. Vocabulary lists serve as comprehensive English-Tagalog and Tagalog-English dictionaries. Completely updated and expanded with new materials. Includes downloadable audio. Using Basic Tagalog to study the Tagalog language will further encourage both non-Tagalogs and non-Filipinos to speak Tagalog better. Only then will they appreciate the individuality of the language that reflects the resilience and flexibility of Filipinos all around the world. In the end, such learning will improve daily interactions and communications between non-Filipinos and Filipinos--whether in business, education, tourism, social or civic endeavors."

Ilokano Dictionary
Ernesto Constantino
2019-03-31
The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages. Ilokano is an Austronesian language. It ranks third among the major languages of the Philippines, being spoken by just over 12 percent of the population. Widely spoken throughout the Philippines, Ilokano is the dominant language of most of the provinces of Northern Luzon and is used as a lingua franca by non-Ilokano speakers in this area. Settlers have also carried the language to Mindoro and to several areas in Mindanao. The Ilokano dictionary was developed under the auspices of the Pacific and Asian Linguistics Institute (PALI) of the University of Hawaii, and accompanies the Ilokano reference grammar by the same author as well as Ilokano Lessons by Bernabe, Lapid, and Sibayan. The dictionary contains some 7,000 Ilokano entries. Many of the entries are illustrated by Ilokano sentences to clarify usage.

Argument Selectors
Alena Witzlack-Makarevich
2019-03-15
Capitalizing on the by now widely accepted idea of the construction-specific and language-specific nature of grammatical relations, the editors of the volume developed a modern framework for systematically capturing all sorts of variations in grammatical relations. The central concepts of this framework are the notions of argument role and its referential properties, argument selector, as well as various conditions on argument selections. The contributors of the volume applied this framework in their descriptions of grammatical relations in individual languages and discussed its limitations and advantages. This resulted in a coherent description of grammatical relations in thirteen genealogically and geographically diverse languages based on original and extensive fieldwork on under-described languages. The volume presents a far more detailed picture of the diversity of argument selectors and effects of predicates, referential properties of arguments, as well as of various clausal conditions on grammatical relations than previously published grammatical descriptions.
