Exploring Education Alan R. Sadovnik 2001 Textbook/reader that introduces students to the disciplines of philosophy, sociology, history and politics and how they can be applied to education.

Sociology of Education Tomas Boronski 2020-01-27 This textbook explains the basic principles of sociology and how a sociological understanding is vital for understanding how ideas about education and schooling have developed over time and how these issues directly affect our own lives today. This fully updated second edition will encourage students to think critically about hotly contested debates in education and what has influenced different perspectives on these issues. New to this edition: · Two new chapters on early approaches to sociological research and social class and social mobility · A new case study feature throughout the book · Enhanced coverage of recent education policy, child poverty, political extremism and the politics of independent and grammar schools. This is essential reading for students on undergraduate Education Studies degrees, and for sociology courses covering educational issues.

Foundations of Educational Sociology Charles Clinton Peters 1924

PHILOSOPHICAL AND SOCIOLOGICAL BASES OF EDUCATION, SECOND EDITION RAVI, S. SAMUEL 2021-01-01 Education and philosophy go hand-in-hand. It is through the power of knowledge, our philosophers laid a foundation of educational theories, and set a stepping stone for the modern day education system and educational institutions. This book gives a comprehensive account of the fundamental theories laid by the philosophers, and the society's role in shaping them up. The special feature of the book is that it teaches and explains more than what an ordinary teacher does in a limited time. It stresses on the understanding and practice of the concepts learnt rather than mere memorisation. NEW TO THE SECOND EDITION Now, the book comprises 40 chapters, out of which 15 have been newly introduced and are tactically placed under the three units of the book. • Unit 1: Philosophy and Education - Realism, Humanism, Awakenism, Existentialism, Education for 21st century, Indian Philosophy and Education, Philosophy and Branches of Knowledge • Unit 2: Eastern and Western Philosophers - Sarvepalli Radhakrishnan, Jiddu Krishnamurty, Pestalozzi, Maria Montessori • Unit 3: Education and Society - Education for Peace, Education for New Social Order, Education for Human Rights and Education for Modernisation Primarily designed for the undergraduate and postgraduate students of education, the book is equally beneficial for the teaching faculties, trainees, research scholars and those who are preparing for competitive examinations in education. TARGET AUDIENCE • B Ed/ BA (Education) • M Ed/MA (Education) • M Phil (Education) • PhD (Education)

Sociological Foundation of Education Dr.Sudershan Kumar Pathania 2020-05-04 In the present book “Sociological Foundation of Education” a comprehensive attempt has been made by the author to present the subject matter in an easy-to-understand language. This book will serve the curriculum needs of the under-graduates and post graduates students.

Although this book contained curriculum for the under-graduates students of the Himachal Pradesh University but it can also satisfy the needs of the students from the other universities at different levels. Each and every aspect of the curriculum is explained briefly with the help of headings and sub-headings. New developments and up-to-date knowledge has also been incorporated in explaining the subject matter for the better understanding of students. This work is an attempt to explain the inter-linkage between the education and society by analysing the multidimensional aspects of the society and education. This book will help the readers to understand society, impacts of society on education and education on society, social change, role of teacher and functions of education etc.

Teaching Social Foundations of Education Dan W. Butin 2014-04-08 This book, the first comprehensive, critical examination of the theory and pedagogy of the field of social foundations of education and its relevance and role within teacher education: *Articulates central questions in the field--such as "What is social foundations?"; "Is there a social foundations canon?"; "Is it possible to teach for social justice?"; "What is student resistance?"; *Explores the limits and possibilities of teaching social foundations of education; *Provides strong arguments for the continued relevance of the discipline for teacher education; *Features a variety of clearly presented, theoretically grounded models for teaching social foundations within teacher education programs--including aesthetic education, critical theory, and eco-justice perspectives, the use of community-based oral histories, and experiential learning activities; *Provides concrete examples, actual syllabi, and a host of additional resources to help faculty teach, publish, and do research; and *Proposes new directions for research and dialogue within the field. This volume is an ideal entrance into the field for graduate students, junior faculty, and professors from other areas of education who are teaching in the social foundations field for the first time.

Sociological Foundations of Education Claire Maxwell 2023-03-23 This volume introduces sociology as a foundational discipline of education. Education is a central structuring mechanism in shaping societies, making it a core focus for sociology. Sociologists study education in its broadest sense – as occurring within families, communities and provided by institutions. The purposes of formal education are contested and these contestations shape broader power relations locally, nationally and globally. Sociologists disaggregate processes within education to examine empirically and theoretically the various levels at which they operate. This allows them to describe and make sense of the ways that relations of inequality are developed, reproduced or unsettled and how these shape individual and group experiences and outcomes. About the Educational Foundations series: Education, as an academic field taught at universities around the world, emerged from a range of older foundational disciplines. The Educational Foundations series comprises six volumes, each covering one of the foundational disciplines of philosophy, history, sociology, policy studies, economics and law. This is the first reference work to provide an authoritative and up-to-date account of all six disciplines, showing how each field's ideas, methods, theories and approaches can contribute to research and practice in education today. The six volumes cover the same set of key topics within education, which also form the chapter titles: - Mapping the Field - Purposes of Education - Curriculum - Schools and Education Systems - Learning and Human Development - Teaching and Teacher Education - Assessment and Evaluation This structure allows readers to study the volumes in isolation, by discipline, or laterally, by topic, and facilitates a comparative, thematic reading of chapters across the volumes. Throughout the series, attention is paid to how the disciplines comprising the educational foundations speak to social justice concerns such as gender and racial equality.

Psychological Philosophical And Sociological Foundations Of Education J.C. Aggarwal 2009-06-01 The Volume Provides Not Only A Holistic View Of Various Facets Of Education But Also Discuss The Futurology And The Role Of Educational Institutions In Meeting The Forthcoming Challenges. To Provide A Comprehensive Overview Of Emerging Concerns In The Field Of Educator, Inspiring And Thought-Provoking Views Of Great Thinkers Of The East And The West Are Given In An Easy-To-Understand Language, With A Critical And Meaningful Analysis Where Needed. Philosophical and Sociological Bases of Education Samuel S. Ravi 2015-11-30 Offers a comprehensive account of the

fundamental theories presented by philosophers, and society's role in shaping them. The book begins by explaining theories such as idealism, naturalism, pragmatism, and then moves on to examine the philosophers themselves. The book then explains the contribution of society and community in the development of children.

The Sociology of Education Olive Banks 1969

PHILOSOPHICAL AND SOCIOLOGICAL BASES OF EDUCATION. S. SAMUEL. RAVI 2021

Educational Sociology David Snedden 1922 Professor Snedden draws upon sociology in every phase of his interesting discussion of educational problems and his approach to these problems is sociologically sound. He starts with the group concept, and especially with the primary groups, the family and the neighborhood. Working from the concrete facts of group life, he discusses social forces and processes, social values, social efficiency, and social progress. Then he comes to his formulation of the sociological foundations of education in general and of each school subject. This book was written to aid in the training of teachers, wherein its discussions of educational problems, which are well-balanced and carefully based upon established data, will be especially useful.

Theory and Principles of Education J. C. Aggarwal 1985

The Sociology of Education Jeanne H Ballantine 2021-07-29 The ninth edition of The Sociology of Education examines the field in rare breadth by incorporating a diverse range of theoretical approaches and a distinct sociological lens in its overview of education and schooling. Education is changing rapidly, just as the social forces outside of schools are, and to present the material in a meaningful way, the authors of this book provide a unifying framework—an open systems approach—to illustrate how the issues and structures we find in education are all interconnected. Separate chapters are devoted to how schools help shape who has access to educational opportunities and who does not; issues of race, class and gender; the organization of schools and the roles that make up educational settings, and more. Throughout the book, readers will have an opportunity to engage with theories and issues that are discussed and to apply their newly obtained understanding in response to emerging and persistent problems in the educational system. The new edition continues to be a critical point of reference for students interested in exploring the social context of education and the role education has in shaping our society. It is perfect for sociology of education and social foundations of education courses at the undergraduate or early graduate level.

Sociological Foundations of Education II Jina Mukherjee 2022-07-19

Sociological Foundation of Education(Bengali) Bhattacharya Very few books in Bengali have been published in West Bengal on 'education' and 'sociological theory' for the post-graduate level. Various aspects of education and sociological theory which have been simplified in this book will fill the void. The sociological relevance of education is gaining ground at the graduation level as well as for B.Ed. students. The content has been created keeping in mind the requirement of the student.

Schools and Society Jeanne H. Ballantine 2017-10-25 This comprehensive anthology features classical readings on the Sociology of Education, as well as current, original essays by notable contemporary scholars. Assigned as a main text or a supplement, this fully updated Sixth Edition uses the open systems approach to provide readers with a framework for understanding and analyzing the book’s range of topics. Jeanne H. Ballantine, Joan Z. Spade, and new co-editor Jenny M. Stuber, all experienced instructors in this subject, have chosen articles that are highly readable, and that represent the field’s major theoretical perspectives, methods, and issues. The Sixth Edition includes twenty new selections and five revisions of original readings and features new perspectives on some of the most contested issues in the field today, such as school funding, gender issues in schools, parent and neighborhood influences on learning, growing inequality in schools, and charter schools.

Sociological Foundation of Education Srinibas Bhattacharya 2006 From The Dawn Of Civilization, Man Has Been Marching In Search Of Wisdom. Various Experiments Are Projected Through Education, So That Humanity, Happiness And Harmony Be Wedded Together. Education Is Indispensable For Making Life And Living Meaningful And Purposive. Its Significance Cannot Be Fully Appreciated Unless It Is Looked At In Proper Perspectives Philosophical, Sociological And Psychological.The Sociological Foundation Of Education Has Added A New Dimension To Education As An Interdisciplinary Approach.Man Not Only Lives In A Society, He Grows And Functions In A Social Context And Various Factors Contribute To The Growth Of An Individual.Sociology Which Involves The Study Of Society, Social Process And Social Change Is A Growing Science. Education Can Hardly Be Separated From Society And So From Sociology.School Is A Miniature Society And What Happens In A Society Also Happens In A School Situation. Like Parents In A Family, Teachers Take Important Roles In A School.Culture Occupies A Significant Place In A Society. A Community Cannot Grow Without Culture. Similarly, A Society Cannot Survive Without Culture. As In Every Dynamic Society There Are Problems, So In Every School There Are Typical Situations. Teacher Has A Distinct Role As A Social Worker And Community Member.Obviously, Of All The Foundations Of Education, The Sociological Basis Has A More Practical Bearing On Day-To-Day Living. In The Present Book An Attempt Has Been Made To Analytically Deal With Education In Relation To Social Environment, Culture, Social Control, Social Stratification And Social Mobility, Social Change, And National Integration. In Addition, It Elucidates The Significance Of Education For Survival, Peace, Harmony, International Understanding, Emancipation Of Creative Consciousness Etc. The Present Indian Society And Its Problems In Educational Perspectives Have Been Particularly Studied.It Is Hoped That The Present Book Will Prove Immensely Useful For The Students And Teachers Of Both Education

And Sociology. Even The General Readers Will Find It Highly Informative.

Educational Sociology: Introduction David Snedden 1917

Handbook of Research in the Social Foundations of Education Steven Tozer 2011-07-05 Parts one and two of this volume present the theoretical lenses used to study the social contexts of education. These include long-established foundations disciplines such as sociology of education and philosophy of education as well as newer theoretical perspectives such as critical race theory, feminist educational theory, and cultural studies in education. Parts three, four, and five demonstrate how these theoretical lenses are used to examine such phenomena as globalization, media, popular culture, technology, youth culture, and schooling. This groundbreaking volume helps readers understand the history, evolution, and significance of this wide-ranging, often misunderstood, and increasingly important field of study. This book is appropriate as a reference volume not only for scholars in the social foundations of education but also for scholars interested in the cultural contexts of teaching and learning (formal and informal). It is also appropriate as a textbook for graduate-level courses in Social Foundations of Education, School and Society, Educational Policy Studies, Cultural Studies in Education, and Curriculum and Instruction.

Psychological Foundations of Educational Technology William Clark Trow 1976 Monograph of selected articles on psychological aspects of educational technology - covers teacher training, teaching and teaching method, scholastic aptitude, the gifted and the disabled children, personality, motivation, behavioural attitudes, creative thinking, computer assisted instruction, etc. Bibliography pp. 375 to 386.

Empirical Philosophical Investigations in Education and Embodied Experience Joacim Andersson 2018-04-06 Drawing on John Dewey and the later Ludwig Wittgenstein, this book employs philosophy as a conceptual resource to develop new methodological and analytical tools for conducting in situ empirical investigations. Chapter one explores the philosophies of Wittgenstein and Dewey. Chapter two expositis Deweyan ideas of embodiment, the primacy of the aesthetic encounter, and aesthetically expressive meaning underdeveloped in Wittgenstein. Chapter three introduces the method of practical epistemological analysis (PEA) and a model of situated epistemic relations (SER) to investigate the learning of body techniques in dinghy sailing. The concluding chapter introduces a model of situated artistic relations (SAR) to investigate the learning of artistic techniques of self-expression in the Swedish sloyd classroom.

Foundations of Education (psychological, Sociological and Anthropological) Amparo Santamaria Lardizabal 1988

Sociology and the Field of Education Orville Gilbert Brim (Jr.) 1958

Education and Society Thurston Domina 2019-08-20 Drawing on current scholarship, Education and Society takes students on a journey through the many roles that education plays in contemporary societies. Addressing students’ own experience of education before expanding to larger sociological conversations, Education and Society helps readers understand and engage with such topics as peer groups, gender and identity, social class, the racialization of achievement, the treatment of immigrant children, special education, school choice, accountability, discipline, global perspectives, and schooling as a social institution. The book prompts students to evaluate how schools organize our society and how society organizes our schools. Moving from students to schooling to social forces, Education and Society provides a lively and engaging introduction to theory and research and will serve as a cornerstone for courses such as sociology of education, foundations of education, critical issues in education, and school and society.
